

CLEAN CONTROL CORPORATION ACQUIRES NONATZ INC.

OdoBan Manufacturer Purchases No Natz Botanical Bug Spray to Expand Natural Product Offerings

ATLANTA (November 2, 2022) – Clean Control Corporation, the American cleaning products manufacturer of [OdoBan](#), has acquired NoNatz, Inc., makers of natural botanical, deet-free insect repellents.

The No Natz line of products was developed by David Damino and his family in Dublin, Georgia. Originally made for friends and family, No Natz quickly became a best-selling botanical bug spray in the United States. The product line includes bug sprays for gnats and mosquitos, and insect repelling candles.

“David built a true family business making amazing botanical products,” said Steve Davison, Clean Control Corporation’s Founder and CEO. “We’re excited to offer these incredible products to a larger market.”

The acquisition of NoNatz, Inc. fits into Clean Control Corporation’s strategy to offer a wider range of quality consumer goods for home and business, including natural products. The deal was finalized on October 26, 2022.

“Customers love No Natz products for their high quality and natural ingredients. By adding No Natz to our family of product offerings, we meet the needs of a wider and more diverse customer base,” said Davison.

ABOUT
