

FOR IMMEDIATE RELEASE

Clean Control Announces Green Seal™ Certification

The company's second recognition for safer environmental chemistry.

WARNER ROBINS, GA – August 27, 2012 -- Clean Control Corporation is proud to announce that five of their Earth Choice products meet the criteria of GS-37, the Green Seal standard for institutional and industrial cleaners. Green Seal is the premier independent ecolabel in the United States. Products that earn the Green Seal® Mark are among the greenest cleaning products available on the market.

The certification licenses Clean Control Corporation to use the Green Seal® Mark on 5 of the 11 Earth Choice® products, all of which are available online at HDSupplySolutions.com:

1. Earth Choice® Bathroom Cleaner Concentrate
2. Earth Choice® Glass Cleaner Concentrate
3. Earth Choice® Oxy General Purpose Cleaner Concentrate
4. Earth Choice® General Purpose Degreaser Concentrate
5. Earth Choice® 3-in-1 Carpet Cleaner Concentrate

Clean Control research and development has always been built upon the foundation of high performance products that meet customer expectations without harming people, property or the environment through the innovation of products, processes, organization and marketing. The company received its first green award August 2005 by the Environmental Protection Agency (EPA) through the Design for the Environment (DfE) program. After launching the industry's first complete line of Earth Choice® products, the EPA later recognized Clean Control as a *Champion Partner* in 2008, the highest award offered by the EPA in the Safer Detergent Stewardship Initiative.

About Clean Control Corporation

Clean Control is a small, locally-owned and operated business in Warner Robins, GA, founded by Steve Davison. The company manufactures the founder's flagship product, OdoBan®, The Original Odor Eliminator Since 1980, as well as multiple high quality cleaning products for families and industry professionals worldwide under the brands OdoBan® Professional, Earth Choice®, Lethal®, and Pets Rule™. The company's products are distributed through independent retailers, national chains including Sam's Club, Walmart, and The Home Depot as well as online outlets such as Amazon.com, Grainger.com, HDSupplySolutions.com, and more. **For more information visit: cleancontrol.com**
Follow OdoBan on Facebook, Twitter and Pinterest.

About Green Seal

Green Seal is an independent non-profit that develops lifecycle-based sustainability standards and offers third-party certification for those that meet the requirements in the standard. Green Seal has been actively identifying and promoting sustainability in the marketplace, and helping companies become greener in a real and effective way since 1989. **For more information visit: greenseal.org**
